

TASK 1: Create your AWS account with free tier.

Steps to create AWS account with free tier:

1. Navigate to <https://aws.amazon.com/> and click on "create a Free account"

2. Enter your email as the root user email address and the AWS account name and then proceed to verification part .

A screenshot of the AWS sign-up form. The top of the form has the AWS logo. On the left side, there is a section titled 'Explore Free Tier products with a new AWS account.' with a subtext 'To learn more, visit aws.amazon.com/free.' and an illustration of a hand holding three cubes. The main section is titled 'Sign up for AWS'. It contains two input fields: 'Root user email address' (with the value 'venispatel55@gmail.com') and 'AWS account name' (with the value 'VenisPatelAws'). Below these fields is an orange 'Verify email address' button. Underneath the button is the text 'OR' and a link 'Sign in to an existing AWS account'.

3. Then create a secure root password by following the password guidelines provided by the AWS

Sign up for AWS

Create your password

It's you! Your email address has been successfully verified.

Your password provides you with sign in access to AWS, so it's important we get it right.

Root user password

Confirm root user password

Continue (step 1 of 5)

4. Then we will need to add some personal information like mobile number, Country, Now add information like phone Number , Country , Address , City , State , Postal Code and agree to terms and conditions of Aws .

Sign up for AWS

Free Tier offers

All AWS accounts can explore 3 different types of free offers, depending on the product used.

Always free
Never expires

12 months free
Start from initial sign-up date

Trials
Start from service activation date

[Verify and Continue \(step 3 of 5\)](#)

6. Now sign in with set email and password and then verify it through verification code .

The screenshot shows the AWS Management Console Home page. The header includes a hamburger menu, 'Console Home' with an 'Info' link, and buttons for 'Reset to default layout' and '+ Add widgets'. The main content area is divided into two columns. The left column has a 'Recently visited' section with a link to 'Billing and Cost Management' and a 'View all services' link at the bottom. The right column has an 'Applications (0)' section with a 'Create application' button and a 'Region: Asia Pacific (Mumbai)' dropdown. Below this is a search bar for 'Find applications' and a table with columns 'Name', 'Description', 'Region', and 'Originating account'. The table is currently empty, showing 'No applications' and a 'Create application' button. At the bottom of the right column is a 'Go to myApplications' link.
